## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3, 6-9 and 18-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Ganapathy et al (Ganapathy).

Ganapathy's Fig. 3 illustrates a multiplier-accumulator block (core processor 200) that includes a first multiplier (e.g. Multiplier 410 of Fig. 4) and a second multiplier (e.g. Multiplier 504A of Fig. 5A) which simultaneously operate in a first mode and a second mode respectively, when a 40 bit dyadic DSP instruction is executed (see the abstract). The two additional multipliers may be read on the two multiplier of SP1.

Relative to applicant's remarks, amended claim 1 does not include all the limitations of original claim 4.

### *Allowable Subject Matter*

3. Claims 10-17 are allowed.
4. Claims 4 and 5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

*Conclusion*

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
